***NOTE:** All contributions and sponsorships directly benefit the players in our organization. We have three competitive travel baseball teams. The high costs associated with travel team participation necessitates that our members go to the community in hopes of raising the funds required to be competitive. The All American Baseball Academy stresses the fundamentals of the game and teamwork in a competitive environment. We strive to make baseball fun for all of our players. The Academy website is highly optimized and averages one million hits per year. Please provide a logo or artwork for ads. Ads will remain on the site throughout the season.
